

Central Washington Central Office

May Newsletter

May 2009 - Volume I, Issue 3

Looking Within

CWCO Volunteers Needed!

Volunteers are needed to answer phones and staff the Central Office desk!

There are many shifts with nobody to help out at the Central Office, and many opportunities to be the voice at the other end of the phone line when someone in need of a meeting calls for help.

If you'd like to volunteer, call Jeff at 901-2601

The Newsletter's New Wardrobe!

As most of you know by now, the CWCO newsletter has been neglected the past few months, and is under new management.

While we shift to a new look and feel, we would like to start moving toward more electronic communication. The fastest way to get your group's meeting or event published to the AA community is to send it to the newsletter committee electronically!

We are prepared to handle attachments in any document format, so send your events to news@yakima1.com with a subject of **Newsletter Event**, and we will get it published on the website, and in the newsletter.

The drop off box at Central Office is still available for those of you who prefer to deliver your events personally.

Thanks!

New Formats Available!!!

Due to the fact that some AA members may not have Microsoft Word installed on their computer, the decision was made to shift towards a more open source file format.

Starting now, all publications found on www.yakimaaa.com will be in either both Microsoft Word and Adobe PDF format, or only PDF.

If you do not have a way to view PDF files, you can download the free viewer at:

www.yakima1.com/aa/AdbeReader60.exe
